

CENTRAL INTELLIGENCE AGENCY
WASHINGTON 25, D. C.
OFFICE OF THE DIRECTOR

13 September 1955

TO: All Personnel of CIA

STATINTL

I feel confident you share my pleasure in the institution of a one-package annual campaign in the Agency to combine all our charity drives. The contributions realized from this single annual campaign will be equitably distributed among the various charitable organizations to which you have contributed in the past.

The campaign is under the direction of the Consolidated Charities Committee which is composed of representatives from my office and the three major components. The Committee is chaired by the Director of Personnel.

The campaign will be conducted in September of each year with provision for payments during the months of September, October, and November. Your pledge card, listing the various charities which have previously appealed to us, will enable you to apportion your contributions according to your personal interests. The operation of the drive has been detailed in CIA Notice [REDACTED]

STATINTL

I am sure you will join me in giving the one-fund drive full support to insure the greatest possible success.
